

ANCHORING ROPE AND RIGGING

GROUND ANCHORING, RIGGING AND LIFTING SOLUTIONS

COMPANY PROFILE

For over 15 years, the Australian-owned Anchoring Rope and Rigging (AR&R) has been an industry leader in ground anchoring, rigging and lifting technology. As pioneers in percussion earth anchoring technology, the company prides itself on its ability to offer ground anchoring solutions tailored to individual project requirements.

AR&R is committed to becoming a world-leading developer and manufacturer of percussion ground anchoring technology. The company's ongoing research and development into new products puts it at the forefront of industry innovation, allowing it to develop systems that improve efficiency and customer services.

As Australia's first choice for anchoring, rope, rigging and instant foundation technology, AR&R have helped stakeholders all over the nation to complete a wide range of commercial and civil projects safely and effectively.

PRODUCTS AND SERVICES

AR&R supplies unique solutions to any ground anchoring, lifting, rigging and instant foundation challenges. With a range of products available across three categories, AR&R provides specialist products and services to companies in the energy, mining, civil, marine, agricultural and industrial sectors.

GEOTRENCHER AUSTRALIA

HAND HELD TRENCHER SOLUTIONS

COMPANY PROFILE

David and Olivia McNabb are revolutionising trenching in Australia with GeoTrencher Australia.

With a background in farmwater management, irrigation practices and property renovation, fueled by a passion for enhancing efficiency in the industry, the McNabbs made a pivotal connection in 2022 with Mike Smith. Smith is the New Zealand creator of the GeoTrencher®, an electric and two-stroke hand-help trenching solution. Since then, the McNabbs have proudly assumed the role of sole distributors and go-to experts of the GeoTrencher® in Australia.

As well as the GeoTrencher®, the company has an extensive range of trenchers and trenching attachment kits, meticulously designed for precision, power and efficiency.

PRODUCTS

As the sole Australian distributor of the GeoTrencher®, GeoTrencher Australia carries the entire collection, including:

- GeoTrencher® | Precision trenchers in a range of sizes and power
- GeoParts | Chains, grips, levers and other accessories
- GeoKits | Attachment kits
- GeoCarts | Heavy-duty towing system

The GeoTrencher range also includes conversion kits, bolt-on kits and complete units from brands such as Stihl, ECHO, Husqvarna, Makita, Milwaukee and others.
